Mutual Fire Insurance Association, in-  
corporated under the laws of Texas.

Will you have a voice in the  
forthcoming prohibition election?  
If not, what good are you to the  
community?

The fastest flying machine of  
these modern days is gossip. It  
will cover a small town like Shi-  
ner in a few hours.

O. B. COLQUITT is the choice of  
the people of Texas for governor  
and it will not be long before they  
will be convinced that he is gov-  
ernor.

The city campaign has opened  
in Yoakum. Candidates have an-  
nounced for marshal and city  
secretary. Who wants office in  
Shiner?

The submission amendment has  
passed the House and Senate and  
the date has been set for July  
22nd. A warm time may be ex-  
pected from this time forth.

The lost heiress, Dorothy Arn-  
old, is occupying a great deal of  
the daily newspaper space now-  
a-days. She is reported in a  
dozen different places at the same  
time, but is still invisible.

A THREE cornered fight is on in  
Houston for the office of mayor.  
The candidates are the present  
Mayor Rice, William Masterson  
and Jules Hirsch. The Houston  
Post has espoused the cause of  
Masterson, while the Chronicle  
is working for Rice. It will be  
an interesting race.

SENATOR ROOT of New York  
has taken a firm stand against  
the seating of Senator Lorimer  
of Illinois, and terms Lorimer's  
election as a disgrace to the state  
and nation. Senator Bailey of  
Texas is inclined to come to Lori-  
mer's defense, but if we were  
Bailey we would hands off.

FOURTEEN boys and girls will  
receive from the Texas Indus-  
trial Congress this year cash  
prizes ranging from \$1,000 to  
\$100, for the best yields from two  
acres of corn and two acres of  
cotton. This is easy money and  
every boy and girl in the State  
should at once write to the con-  
gress at Dallas for particulars  
and entry blanks. It costs nothing  
to try.

THE Texas Industrial Con-  
gress, of which Col. Henry Ex-  
all of Dallas, is president, has of-  
fered \$10,000 in gold prizes to the  
farmers of the State for best  
yields of corn and cotton from 10  
acres of each. This generous of-  
fer is also open to the women.  
For the boys and girls there are  
some big prizes for the best crops  
from two acres of corn and two  
acres of cotton.

THE new governor is busy un-  
tying the hard knots bequeathed  
him by the old administration.  
The policies of the old and new  
administration were brought to-  
gether with a clash that was  
heard around the world last week  
when Governor Colquitt request-  
ed the attorney general to cancel  
the instructions issued by ex-gov-  
ernor Campbell just before retir-  
ing from office to place all rail-  
roads in the hands of receivers.  
We need more railroads and  
fewer railroad receivers in Texas.

THE political thermometer at  
Austin has been at boiling heat  
during the past week. Both  
pros and antis tried to drive a  
tandem with the Bailey issue and  
and that of their own and they  
got the Senate in a tangle and  
there was some linen not intended  
for the laundry washed out on  
the floor of the Senate and as a  
result some of the Senators quit  
the caucuses and are now plow-  
ing with their own heifers. The  
upshot of the whole affair was  
that the Senate very generously  
returned to Lieut. Governor Dav-  
idson the power to appoint com-  
mittees which was wrested from  
him a few days ago. There is  
nothing permanent around the  
capital except changes and they  
come with unerring frequency.

## School Notes.

BY T. J. P.

There has been added to the  
public school library 100 new  
books. The library now con-  
sists of 234 volumes, including a  
set of students reference books,  
three volumes and an encyclo-  
pedia, 12 vols.

The school also received last  
week an up-to-date International  
dictionary, which was very much  
needed and appreciated, and for  
which the Mothers' Club has the  
thanks of the entire school.

The senior class of the high  
school organized Friday after-  
noon, with Edgar Merrem presi-  
dent and Maude Dunn, secretary.  
Patrons will encourage students  
by visiting the school and inves-  
tigating the workings of the same.

There is a determined effort on  
the part of teachers to stop tard-  
iness, and they ask the earnest  
co-operation of all patrons. It is  
no credit to boys or girls to stop  
at the depot and post office on  
their way from dinner and then  
be late at school. If they are  
tardy we must know the reason  
why.

There is a move on all over the  
State looking to the organization  
of Boys Corn Clubs. Large  
prizes are being offered to those  
who raise certain amounts per  
acre. Shiner should have a rous-  
ing Boys Corn Club.

A piece of flannel dampened with Cham-  
berlain's Liniment and bound on to the  
affected parts is superior to any plaster.  
When troubled with lame back or pains  
in the side or chest give it a trial and  
you are certain to be more than pleased  
with the prompt relief which it affords.  
Sold by all dealers.

## J. I. CASE COTTON AND CORN PLANTER.

We sold 35 of these Planters last season and every Farmer that bought one of these  
Planters recommends it as the best Planter on the market.

If you expect to buy a Planter, take a look at this J. I. Case Planter and let us ex-  
plain to you the advantages that this Planter has over any other make.
